OPTIONAL FRIDAY TOUR EXPLORING NEW ORLEANS AND FEEDING THE GATORS'

CITY TOUR

Your tour includes the some of the French Quarter and along the Esplanade. This elegant French Avenue lined with large, Victorian houses leads you from the French Quarter to City Park. Before you arrive at City Park, you will stop at St. Louis #3 Cemetery, where you will learn about our above ground burial system, the misfortunes that took the lives of many in early New Orleans and also the culture of our jazz funerals.

City Park's many attractions, including the New Orleans Museum of Art, a sculpture garden, botanical gardens, an amusement park and more, are nestled among the shadows of the largest collection of ancient oak trees. Stone foot bridges cross lagoons in this picture-perfect setting in 1,300 lush acres. Continue on to our second most famous street—St. Charles Avenue, the oak-lined avenue of American elegance. Following the streetcar route, the first public transportation system in the United States, you will access the Uptown area. Here you will see Tulane and Loyola Universities, the Audubon Zoo and Audubon Park (Note: Tour Route may vary due to traffic)

SWAMP TOUR

For many years' people have traveled extensively to locate an exciting form of entertainment that you can only experience here – the famous Manchac Swamp. We invite you to join us for a unique journey back to the early days of Louisiana bayou and swamp explorations.

Alligators, seeing our boats daily, recognize them as part of their normal environment. Unafraid and responsive to their boat captain's call, they peek out from underbrush and between moss-draped trees and shrubs, frequently coming directly to the boat. In the safety and comfort of the boat, you can actually come within a few feet of jumping gators.

As your boat drifts through the waterways, you will learn about the Louisiana Wetlands, the inhabitants of the swamp, particularly the life and habits of the American alligator, as well as the history of the Cajun town of Frenier located at this property
